All members from BTEC are invited to attend. If you have any questions, please talk to Rev. Gitau.

This month we celebrate all fathers, and no words are enough to say how special they are to those under their care. According to Theodore Roosevelt,

“It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and

shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat."

Roosevelt's quote strengthens me to express our gratitude to all fathers for all the sacrifices they have made to those under their care. We are grateful for the hard work and dedication that has inspired immensely to those under your care. It is your hard work that has given life to so many. The comfort those under your care enjoy is the fruit of your many years of labor. The gift of your fatherhood is unspeakable, and we hereby wish you a happy and blessed Father's Day.
